ANTANAS VARANAUSKAS

Front-End Developer

ABOUT ME

During my career, I have gained diverse experience, working in different fields both in business companies and in other environments. However, some time ago I decided to change my Professional direction and focus on Front-End web programing. I put in a lot of personal work to improve in this area.

SCHOOL EDUCATION / FURTHER TRAINING

01.2024-09.2024 496 val.	CodeAcademy Front-End Soft Throughout my experience, I developed skills in creating and customizing website designs with HTML, CSS and Bootstrap. I gained proficiency in JavaScript and built dynamic, functional apps using React.js. Additionally, I worked with server-side tech like Node.js and gained expertise in database administration.
09.2019-03.2020	VHS Homberg German language course level B2
08.2018-05.2019	VHS Homberg German language curse level B1
